RE: Proposed Chapter 8 Amendment to Statewide Order No. 29-B

Date: July 20, 2010

MEMORANDUM

It has come to this Office's attention that a proposed amendment to LAC 43:XIX.Subpart 1 to add a new Chapter 8 was unintentionally and incorrectly published as a final rule in the State Register for July. As expressed in a memorandum issued on June 18, 2010, the proposed Chapter 8 rule amendment was not to be published and promulgated this month. Therefore, this Office does not consider LAC 43:XIX.Chapter 8 to be final or in effect at this time. A correction will be published in the State Register for August. Again all interested parties will be informed of any future decisions by the Office of Conservation relating to the proposed Chapter 8 rule amendments.
